

Commercial wet and dry vacuum cleaning - 55L container

The Nilfisk VL500 series of wet and dry vacuum cleaners offers performance and reliability that ensure a low total cost of ownership and at the same time, features that make daily cleaning tasks easier, faster and safer.

The Nilfisk VL500 is ideally suited for hotels, contract cleaners, education, exhibition and conference centres as well as public buildings, manufacturing and industrial applications.

With the special dual filtration system, the VL500 can be used in any environment, wet or dry, without the need to change filters. A failsafe filter design ensures easy operation due to the ability to have individual wet and dry filters working simultaneously. Each filter is specific for either a wet or dry application ensuring maximum performance.

The unique design and features of VL500 have been developed in partnership with Nilfisk customers. The VL500 is available in a variety of models the 35l, 55l and 75l to best suit the customers individual needs.

- Empty the container without having to remove the motor for quick and easy operation without risk of damage to critical components.
- By transferring the weight as you lift the container, the Nilfisk Ergo Tipping system enables you to empty a completely filled container of fluid without excessive effort.
- Easy changing of filters with the hinged motor head protects the machine and speeds up the process.
- With the dual filtration system, the VL500 can be used in both wet and dry applications without the need to change filters.

Technical specifications

VL500 55-2 EDF
220-240V/50 UK

Cable length (M)/ plug type	10/UK
Voltage/frequency (V/Hz)	220-240/50-60
IP protection class	IP24
Rated power (W)	2500
Power Piec (W)	2400
Suction power end of tube (W)	200
Airflow (l/sec.)	72
Vacuum at nozzle (kPa)	21
Sound pressure level (dB(A) BS 5415)	66
Sound power level (dB(A) IEC 704)	84
Tank capacity (l)	55
Dust bag capacity (l)	28
Sack filter area (cm ²)	-
Wet filter area (cm ²)	1840
Cartridge filter area (cm ²)	4410
Hose length (m)	2.5
Inlet (mm)	40
Length x width x height (mm)	660x620x890
Weight (kg)	27.5
