Why Buy TT4045G / 4055G

FloorCare

The TwinTec mains cable range has masterful performance moving under its own brush power with amazing speed and purpose. Available with 450mm or 550mm scrub width.

Outstanding specification with mains power, 40L capacity and 450/550mm scrub width, making for the highest standard both in terms of design and equally in terms of performance.

The big advantage of cable machines is the amazing power provided by mains operation, three times that of battery machines.

The TwinTec's are at home in larger areas, extensively in many industrial applications where floors are rough and exceptionally dirty and can be used in conjunction with our cable roll, extending the cable length from 20m to 40m without any loss of performance.

Powerful Cleaning Results
Powerful wet pick-up with heavy-duty Polyform tanks and TwinFlo vacuum motor.

User Comfort
Simple operator controls with fully adjustable handle and FlexiFill system.

Built to Last
Heavy-duty Structofoam chassis construction to endure years of industrial use.

Stay Cleaning for Longer
Huge 40L capacity, 150rpm brush speed and 450/550mm brush width.

Flexifill System
Easy filling and emptying system.

Support at your Fingertips, Straight from your Mobile
Access a wide range of help and support through the Nu-Assist App.

Productivity Area Coverage
